

# HOMESCHOOL DOMINATION

## WHY THESE KIDS WILL TAKE YOU DOWN

With America's public school system in a decline, more and more parents are turning to homeschooling as a solution. The surprising part? When it comes time to perform, homeschoolers are blowing everyone else out of the water.

### HOMESCHOOLING BY THE NUMBERS

**OVER 2.04 MILLION**

students are now learning at home, a **75% increase** from 1999.

OF PARENTS WHO SCHOOL AT HOME:

**73%**

cite **dissatisfaction** with the American school system as a reason.

### AMERICAN PUBLIC SCHOOL BY THE NUMBERS

ACCORDING TO THE NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS:

**ONLY 13%**

of American high school students are proficient in **US history**.

### THE U.S. GRADUATION RATE

100% +

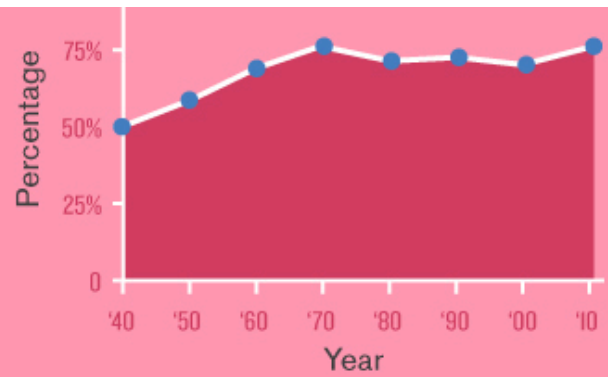

## TOP THREE HOMESCHOOLING FATHERS' PROFESSIONS:

 Accountant/Engineer (17.3%)

 Professor/Doctor/Lawyer (16.9%)

 Small-Business Owner (10.7%)

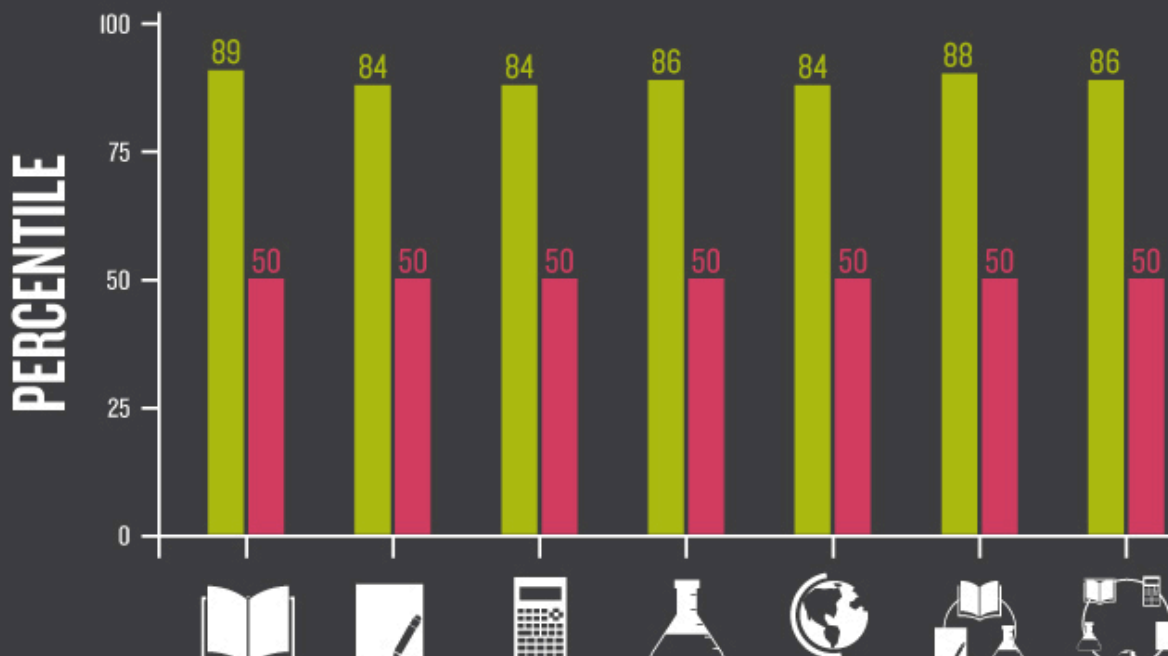

Students' progress has been **stagnant** since the 1970s, even as other nations advance.

## NATIONAL AVERAGE PERCENTILE SCORES

When it comes to test-taking, homeschooled kids consistently out-perform public schools.

■ HOMESCHOOL ■ PUBLIC SCHOOL

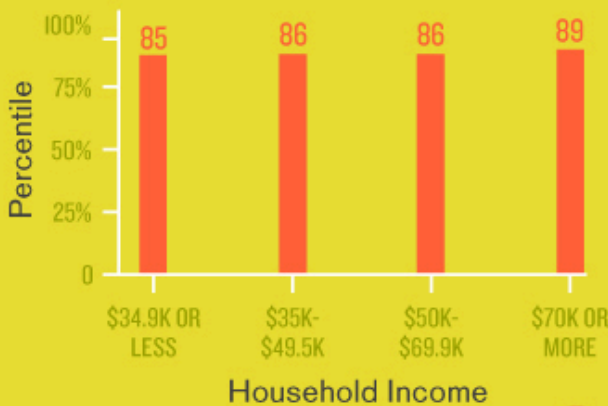

## SUBTEST

# HOMESCHOOLERS ARE LESS AFFECTED BY EXTERNAL FACTORS

## HOUSEHOLD INCOME:

Their scores are largely **unaffected** by household income:

## CERTIFICATION:

They **did well** whether or not their parents were certified teachers:

STUDENTS OF  
CERTIFIED PARENTS

STUDENTS OF **NON-**  
CERTIFIED PARENTS

## PARENTS' SPENDING:

They succeeded **no matter** how much money was spent on their education:

PARENTS SPENT  
**UNDER \$600** ON  
THE STUDENT

PARENTS SPENT  
**\$600 OR MORE** ON  
THE STUDENT

WHEN THEY GET TO COLLEGE,  
STUDENTS KEEP ON SUCCEEDING

# STUDENTS KEEP ON SUCCEEDING

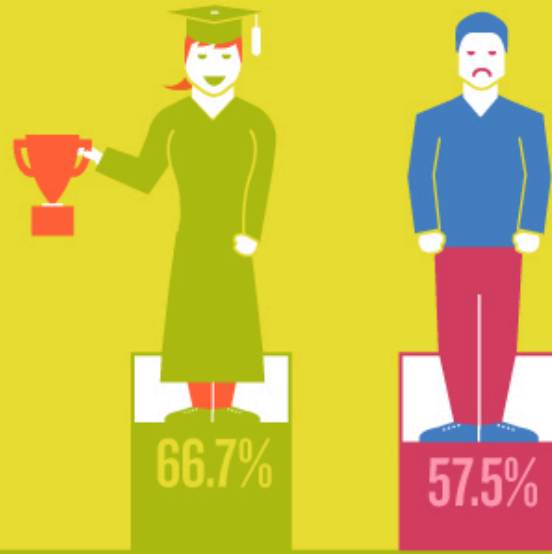

## GPA COMPARISON:

	HOMESCHOOLED STUDENTS	OTHER STUDENTS
FRESHMEN	3.41	3.12
SENIORS	3.46	3.16

## GRADUATION RATE:

Homeschool students graduated from college at a **higher rate** than their peers.

## BUT ARE HOMESCHOOLERS A LITTLE ODD? STUDIES SAY NO

In a study measuring communication, daily living skills, socialization, and maturity, homeschoolers outscored public school kids on every level:

	 COMMUNICATION	 DAILY LIVING	 SOCIALIZATION	 MATURITY
HOME-SCHOOL	113.45	112.10	109.50	115.55
PUBLIC SCHOOL	98.08	90.77	95.08	93.00

An education system that produces smart, mature students?  
No wonder homeschool is expected to continue expanding.
